Status. . . .

On Saturday, January 18th the fifth Annual Ultralight Seminar took place at the FAA Safety Center and Production Studios, Sun 'n Fun Complex, Lakeland Linder Regional Airport, Lakeland, Florida. Over 200 people attended the day long activity that was kicked off by Obie Young, SPM, and Rick Crose, event chairman. Southern Region Administrator, Carolyn Blum, and Billy Henderson, Director Sun 'n Fun, Inc. joined the group to express the cooperative attitudes between industry, organization, individuals, and the FAA. During the kick off introduction of the seminar, Jim Toombs, Regional

Safety Program Manager, shared his thoughts on the importance of everyone's dedication in the safety industry. The event will be renamed "Ultralight / Light Plane" Seminar to better describe the subjects covered at the seminar and interest of the attendees.

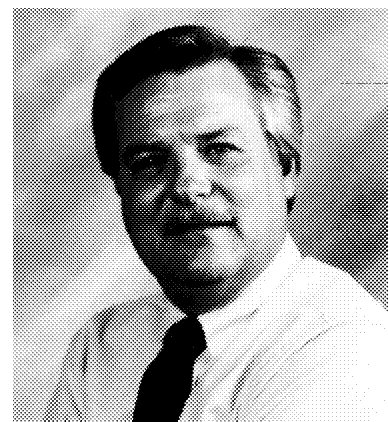

The Production Crew will have several opportunities to assist the Safety Program in February. Our 1st Soaring Seminar will take place on Saturday February 8th. A Sun 'n Fun Volunteer meeting will begin at 1000 on Saturday February 15th. The next weekend, Saturday April 22th, Mark Roberson will host the Annual Balloon Seminar.

This newsletter contains: a 1997 FAA Forum Schedule for Sun 'n Fun 97, Thanks For The Memories 97 release, and District Flight Instructor and Mechanic Technician of the Year releases. All this and more...details in this month's *Aviation Safety* Newsletter!
